Comments:

12/13/99 - Letter sent stating the Division will close file S/019/030 for the Pussycat-Kelli Jo Project small mine operation. This file closure is a result of the April 1999 settlement agreement between Pene Mining and the United States Department of the Interior, Bureau of Land Management (BLM). The Division file was not closed sooner for lack of copies of the pertinent documents. As a result of this settlement, the Division understands the BLM is now in control of the project area; therefore, Pene Mining is hereby released from further Division reclamation responsibility at this site.

11/24/99 - BLM has taken over the plan of operations and is performing gradual reclamation of the site. The claims were relinquished to the BLM as part of an out of court settlement more than a year ago(?). The Division is waiting for copies of formal correspondence from
